PROPYLENE PIPES – BOOST FOR MARGINS?

## To Boost The Speciality Films Share To 80% By FY 23 | Pankaj Poddar, Cosmo Films

Updated Jun 16, 2022 | 12:37 PM IST

Speaking to ET NOW, Pankaj Poddar stated that the company's FY23 guidance is to boost speciality films share to 80% by FY23 and will transform into a primary specialty film firm with a company target of 20% ROCE. Speaking about the petcare outlook, Poddar claimed that they want to build and demerge the business in the medium term, which will also drive shareholder valuation. So, what is the outlook on exports and any key client additions expected in the coming quarters? Watch this interview on ET NOW to find out
